PORTOFOLIO

Ayotunde Ayoola

Technology Strategist | Venture Architect |
Digital Innovator | Microsoft MVP

ABOUT ME

A distinguished Chief Technology Strategist and Business Innovator with about a decade and a half of experience in architecting and realizing high-impact enterprise value. As a principal strategist, I specialize in accelerating business performance across diverse and highly regulated global markets, encompassing technology ventures, finance, and enterprise services.

As the Principal Architect of ventures (including Stringify Consulting and the Vsion Venture Studio), I possess a rare equilibrium of executive oversight (driving $500K+ client revenue and 20,000+ user adoption) and profound technical expertise. My mandate is to strategically deploy disruptive technologies—from AI roadmaps to complex systems integration for high-stakes, diversified global institutions and governmental organizations—to deliver measurable growth, scale IP, and ensure the competitive advantage of any organization.

# CAREER HIGHLIGHTS & METRICS

Venture Scaling

Revenue Generation

Product Innovation

Scaled operations to serve 20,000+ active users across multiple platforms.

Delivered consulting projects generating $500K+ in client revenue growth through digital transformation strategies.
